## Town Council Accepts Annual Financial Statement of Auditor

**Dogs To Be Either Registered or Destroyed; Properties in Hands of Town To Be Disposed of At Suitable Prices. War Service Ladies to use Council Chamber.**

Following is a record of the proceedings of the Council of the Town of Wainwright at its regular meeting held on January 21st.

The members of Council present at this meeting were Mayor Middlemass and Councillors Huntington, Welch, Cook, Robinson, Alderman and Billing.

The recorded proceedings of Council at its meeting on January 7th were read, and on motion of Councillor Alderman were adopted and confirmed as written.

The Wainwright War Service League wrote requesting permission to use the council chamber for its meetings, as private residences will not accommodate the membership, and on motion by Councillor Robinson, they were granted permission to use the council chamber as requested.

Mr. J. E. Wilkins made written application to purchase either of two properties, specified in his application, attaching a certified cheque for his application, and on motion by Councillor Welch his application was ordered filed and the Sec. Treas. was instructed to return to Mr. Wilkins his certified cheque with the advice that the two properties to which he referred will be advertised for sale at a later date.

Mrs. Anita McNelly appeared before Council with certain oral petitions and on motion by Councillor Huntington they were unanimously resolved that her application for further indigent assistance be not entertained.

The Wainwright School District No. 1008 made written request for the sum of \$1,000.00 to cover its financial requirements for the month of January, 1941, and on motion by Councillor Huntington the Sec. Treas. was instructed to issue a cheque for \$1,000.00 in favor of the said school district to be charged against the repudiation of the district in 1941.

The auditor's report and financial statement for the year 1940 was presented to Council with his review as chairman of the Finance Committee, and on a motion by that Committee, the report of the auditor was received and accepted, and the Sec. Treas. was instructed to have this report published in the Wainwright Star for the information of the ratepayers, together with a notice regarding the annual town meeting to be held on Friday, Jan. 31st, 1941 in the council chamber of the Town of Wainwright at eight o'clock p.m.

On motion by Councillor Huntington it was resolved that notice be published in all papers or barbers or drug within the Town of Wainwright drawing their attention to the fact that Bylaw 224 of the said town requires all such dogs to be registered at the office of the secretary-treasurer immediately following the 2nd day of January in each and every year, and prescribes a penalty for failure on the part of such owner or

## Rehabilitation Grants Are Now Being Paid

Less than two weeks after the first announcement that a rehabilitation grant of one month's pay and dependents' allowance would be paid to members of the fighting forces discharged on completion of a minimum of 135 days' active service, cheques are being issued. Cheques are issued separately but simultaneously to the man and to his wife or dependents when a claim has been verified, and the necessary forms have been returned duly completed.

While the Order in Council states that the service must be performed in the present war, already many applications have been received from men who served long before the present war commenced, and although careful search of records is made in each case, machinery is well under way to cope with the many claims already to hand and get payments out very promptly where justified.

Application is made to the Director of Pay Services, National Defence Headquarters, in the case of the army, and applicants are asked to state regimental number and rank, unit from which discharged, date of enlistment and place of discharge, present address and address of dependents on whose behalf an award of dependents' allowance was issued at the time the applicant ceased to serve.

harbored to do so, and conveying the information that the bylaw will be strictly enforced against all owners and harborers not having their dogs registered before the end of January, 1941.

On motion by Councillor Welch it was resolved that the following properties, registered in the name of the Town of Wainwright, be advertised for sale by tender, subject to payment of 10% down via:

Lots 19 and 20 in block 12, plan 6445V—formerly occupied by Mr. A. Swanson, sr.  
Lot 6 in block 26, plan 6445V, formerly occupied by Mr. John Giano, &

John G. Winant, former governor of New Hampshire and assistant of the international labor office at Geneva, has been appointed U.S. ambassador to the Court of St. James as successor to Joseph P. Kennedy.

Lot 9, in block 36, plan 6445V, formerly occupied by the late Mrs. M. Walberg.

All tenders to be accompanied by a certified cheque for the amount of the tender, and the highest or any tender not necessarily accepted.

On motion by Councillor Billing the Sec. Treas. was instructed to purchase three non-ratepayer hospital tickets for the year 1941.

On motion by Councillor Billing the salary of Mrs. Christensen, caretaker, was advanced \$5.00 per month owing to the extra work in the hall, provided the extra work is performed.

On motion, Council was regularly adjourned.

## Carelessness Causes Most Mailing Trouble

Nearly 4,000 letters and over 1,000 parcels for men overseas that could not be forwarded because of insufficient or incorrect address were received at Post Corps headquarters at Ottawa, in a single month recently.

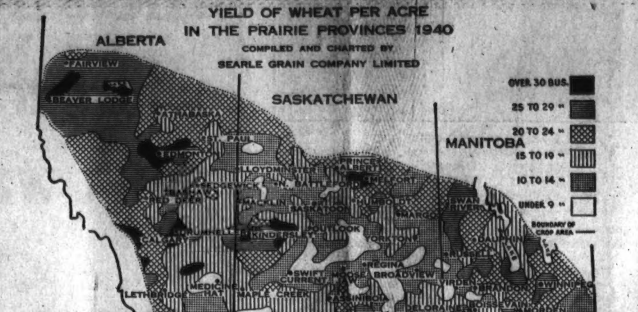

Referred to the records office of the army for particulars, only 68 of these letters and 423 of the parcels could be identified for immediate forwarding, while information was obtained in regard to a large proportion of the remainder which would enable the postal corps to again try them at re-directed addresses. It was necessary, however, to hold 2,500 pieces of mail with no record of address could be found. These may later find the way to their destination if addressees make application or information can otherwise be obtained.

Mail for overseas, it is pointed out, should include in the address the soldier's regimental number, his rank and name, his service or unit, and should be sent "To Base Post Office, Canada."

MUST PAY FIRST INSTALLMENT THIS MONTH TO SAVE INTEREST

Don't forget that if you want to take advantage of paying your income tax by instalments, you must start paying this month. You have only a short time left to figure out what your tax will amount to, write your cheque and send it in to the government NOW. Don't be sorry later that you forgot about it. Again, DO IT NOW, and make the payment of your tax a comparatively easy matter.

The map printed above shows the yield per acre of wheat for the past season in the different areas and districts of the Prairie Provinces. The yield over the whole area of the three provinces averaged 17.4 bushels per acre, which is about one bushel to the acre higher than the long-time average. It will be remembered that the total crop according to the Searle crop report of January 10th, was estimated at 484 million bushels. In spite of the fact that the total

yield is better than average, it will be observed that there are a number of districts in each of the provinces which yielded less than the average. Indeed there are certain areas, shown in white, which can be regarded as almost complete failures. The yields either high or low in the various districts correspond almost exactly with the rainfall, and of course this result is looked for. It is interesting to note, however, in connection with this present crop

as with the crop of 1939, that the yields on the whole are somewhat better than the rainfall would appear to warrant, that is judging by the yields actually given in past years by certain amounts of precipitation. One reason at least for this result is that some yield in the past has been stolen from the crop by the blight of rust, whereas in the last two years the use of rust-resistant varieties has prevented any serious loss from this disease.

**BOARD OF TRADE MONTHLY MEETING**  
The regular monthly meeting of the Wainwright Board of Trade will be a DINNER MEETING at the Wainwright Hotel, Wednesday next at SEVEN P.M. Sharp.  
All interested are required to be in attendance; there is important business to deal with.

## Popular Young Couple Joined in Marriage

On Friday, January 24th, a very pretty wedding was celebrated in the Wainwright United church with Rev. A. D. Richard, the pastor, officiating, when Angelina Grace, only daughter of Mr. and Mrs. Joseph Winter, of Auburn, became the bride of Edwin Alexander Murray, of Greenfield.

To the strains of the wedding March, played by Miss Olive Ford, the bride entered the church on the arm of her uncle, Mr. John Winters, of Wainwright, who gave her away in marriage.

The bride wore a very pretty, floor-length dress with pink accessories and carried a bouquet of pink gardenias and trailing fern.

Miss Helen Murray, acting as bridesmaid, wore a bridal-pink silk floor-length dress, with pink and forget-me-not blue accessories and also carried a bouquet of fern and gardenias.

Mr. Arnold Winter assisted the groom, and Earl and Stanley Murray acted as ushers.

While the register was being signed by his sister Olive, at the organ, sang sweetly, "Oh, Promise Me."

After the wedding, despite the bad roads and cold weather, a goodly number drove to the home of Mr. and Mrs. Alex. Murray, the groom's parents, for the reception, where a dainty buffet luncheon was served.

The rooms were prettily decorated; the beautiful three-tier wedding cake resting on a white square in the center of the dining table. Over the table was an arch of pink and white with a white bell; streamers hung from the top of the arch and were draped around the table.

The bride's mother wore a pretty black silk dress, and the groom's mother a silk dress of deep mauve. A very pleasant afternoon was spent, and later in the evening the young couple, and their friends, gathered at the Greenhills Hall for the wedding dance.

The newly-weds will take up residence in the Auburnville district.

**NEW FIRE FOR DISCARDED CHRISTMAS TREES**  
WINNIPEG—Most people have relegated their Christmas trees to the closest vacant lot by now. They still remain a serviceable article with Trans-Canada Air Lines, however. The small conifers are stuck in the snow at intervals along landing strips to make the edges of runways visible by T.C.A. aircraft in northern Ontario and across the prairies. The airline has just issued a bulletin to stations reminding them to shake the trees after each snowfall so the dark

## Mayor Middlemass To Seek Re-election

From information to hand it is learned that Mayor Middlemass and Councillor Robinson will seek re-election at the forthcoming town elections on Monday, February 10th. Councillor Welch, whose term has automatically expired, is authority for the statement that he is retiring from public life after very many years, owing to ill-health.

The members of the Public School Board, who have completed their elected terms this year are Messrs. C. T. Lally, O. R. Hannah and F. Thurston, and the first two gentlemen will be again seeking re-election, while Mr. Thurston has decided to drop out of the contest.

Mr. Jim Fuller, who represents the town interests on the Hospital Board, has also expressed his willingness to stand again for election.

Therefore, the public offices which Returning Officer Kenny will require nominations to all on Monday next from 11 a.m. to 12 o'clock noon will be: Mayoralty and two Council seats; three seats on Public School Board; one seat for Hospital Board; and 2 seats on Separate School Board from which body Mrs. J. A. MacKenzie and Mr. J. Stinet are automatically retiring this year.

## Rally by United Church Organisations

On Friday, February 7th at 7:30 p.m., in the United church, a C.G.I.T. and Explorers' Club Rally will be held, which will embrace members of these bodies from Wainwright, Irma and Edmonton.

The new national Secretary of the Girls' Work Board, Miss Muriel W. Jacobson, who is travelling throughout the west in these interests will be chief speaker of the evening; and on the afternoon of the same day she will meet group leaders, parents and friends.

Miss Jacobson, who is a very engaging speaker, has had a vast experience in work of this nature, having been a delegate to the British Commonwealth Peace Congress in Glasgow in 1938 and was also sent as an observer of refugee conditions in Eastern Europe during the German occupation of Sudetenland.

It is hoped that a large number will arrange to attend these gatherings on Friday of next week.

## WEDDING BELLS

The paragon of the Wainwright United church was the scene of a quiet little wedding on Thursday afternoon last, when the pastor, Rev. A. D. Richard, united in marriage Miss Helen Florence Fralick and Mr. Joseph B. Moren, both the contracting parties being residents of Wainwright.

The first woman ever attached to the British embassy in Washington, Miss Craig McCleary, will represent the ministry of economic warfare.

## Local Red Cross Are Reviewing Their Labors

The beginning of a new year is stock-taking time with business firms. Why not with individuals, too? In the light to preserve liberty, justice and happiness are we, as individuals, assets or liabilities? Are we carrying our weight, or "letting George do it"? Do we ask, "What do I get out of this?" or, "What can I do to help?" Do we guard our tongues, or tear down what someone else is trying to build, by destructive criticism? Do we think in terms of "I" or "We"?

Let us ask ourselves a few pertinent questions. To create a better post-war world what am I willing to endure?—to contribute—in money, in service, in morale, in creative thinking, in understanding and co-operation?—to sacrifice, to risk? If every other person were just like me would a better world emerge from the present conflict?

An urgent appeal has been made for knitters to speed up the production of mitts and gloves of all kinds, especially two-way mitts. It has been suggested that knitters give preference to this work for the next few weeks. Anyone having odds and ends of wool of their own might be glad to make them into mitts as donations. Those requiring wool can obtain it as usual at the Red Cross room.

Do not forget the Red Cross Novelty Tea in the Odd Fellows' Hall on Wednesday afternoon, January 30. See our news item!

The War Service League, which has splendidly supported the Red Cross, meets every Friday in the Council Chamber and welcomes any non-members who care to join in seeing that day.

The Junior Red Cross of the Public School are planning a concert in the near future. Watch for posters.

We gratefully acknowledge the following: Proceeds from January 19th Sing-Song \$7.18, less expenses. Proceeds from coupons, etc. (Proctor and Gamble), \$3.65, less 60c postage. Donation from War Service League, \$25.00.—H.M.W.

## Mrs. Schlitt New Head Connaught Chap. O.E.S.

A very enjoyable time was spent last Wednesday evening, when the members of Connaught Chapter, O.E.S. entertained the local Masons and their families at a ceremony of open installation.

During the evening Mr. W. J. Watson gave some delightful musical selections, assisted by Mrs. C. T. Lally at the piano.

Mrs. W. E. Washburn, past grand matron, as grand installing officer, assisted by Miss Helen Clifton as grand marshal, Mrs. W. T. Brunner as grand chaplain, and Mrs. C. T. Lally as grand organist, installed the following officers for the ensuing year:

W.M.—Mrs. H. P. Schlitt  
V.P.—Mr. H. P. Schlitt  
A.M.—Mrs. C. Alexander  
A.P.—Mr. Pryce Jones  
Sec.—Mrs. P. J. Lepper  
Treas.—Mrs. W. T. Brunner  
Con.—Mrs. V. Nelson  
A. Con.—Mrs. C. MacKenzie  
Chap.—Mrs. L. Davison  
Mar.—Miss E. Brown  
Org.—Mrs. C. T. Lally  
Adm.—Mrs. L. Stott  
Ruth.—Miss H. Clifton  
Esther.—Mrs. E. L. Cork  
Martha.—Mrs. O. R. Hannah  
Warder.—Mrs. L. Bean  
Sent.—Mrs. M. Syme  
After installation, Mrs. Schlitt presented Mrs. Hamilton with a past matron's jewel.

At the delightful banquet which followed the business session, tables were set for 70 and a very happy time was enjoyed by all, thanks to the efforts of the convener, and her committee.

## Pre-Historic Pictures Local Show Offering

"One million B.C." is a fantasy picture which depicts the adventures of two tribes of people whose paths and cultures cross in the year 1,000,000 B.C.

A boy of the rock tribe meets a girl of the shell tribe and learns the ways of her people, taking them and her back with him to his own. Attacks by monsters are recurrent throughout the picture, and a volcanic eruption is a highlight toward the end.

Considerable emphasis is given to the fact that the prehistoric animals in this picture, unlike those in the earlier ones, give no suggestion of being puppets. It might be considered a point of interest to mention also that dialogue is dispensed with during much of the action, pantomime giving a suggestion of silent picture technique. It may also be remarked that in this film Lon Chaney, Jr., although a secondary principal makes his first display of the Chaney talent for makeup.

This feature will be shown for the last three days of this week, and, besides being a nature study, is one which will give lots of enjoyment.

Miss C. Wylie was home from the city for a day or so last week and

fighting it out with one another and with the visiting rivals from our neighboring towns. But more of this next week, when actual results can be given. For now, peruse below the fine list of prizes in the four competitions. And particularly notice how splendidly the businessmen of the town have co-operated in making this fine programme possible. (These are on display in Armstrong's window.)  
Details with regard to the four competitions follow:

## Ten Million Messages Prove Britain Answer

Britain has "delivered the goods 10,000,000 times in the past year! Soon after the war commenced the British exporters decided that the excellence of British products, coupled with the fact that orders from abroad were fulfilled on time, brought home to overseas customers.

A number of methods of doing this were adopted. Here is one of them. A stencilling committee was appointed to cooperate with the various export groups. In the past year the "Union Jack surmounting the slogan 'Britain Delivers the Goods' has been stencilled on 10,000,000 packing cases containing goods for overseas buyers.

The cases have ranged in size from those containing minor items—and on these cases the lettering is a foot or more high—to small cases of high-quality goods.

More and more British exporters are now using these stencils and soon every dockside, throughout the free world, every warehouse, every road and railway in the farthest corners of the earth will carry Britain's wonderful message!

## WANTED—TWO MILLION REGULAR WAR SAVERS!

One of the many features of the war savings certificates campaign to be launched in February is the emphasis placed on the number of Canadian citizens participating, rather than on the amount of money to be placed.

With some 200,000 voluntary workers combing the factories, offices and stores (as well as the homes) through out the country during the month of February there is little reason to doubt the successful end of the campaign. But more important than the announcement from Ottawa at the end of February that Canadians have pledged themselves to buy \$10,000,000 worth of certificates each month will be the other announcement that two million loyal citizens are regularly participating in these pledges.

No one understands the real pleasure of home ownership until he has bought his own land and house. Similarly a citizen of Canada cannot feel the true pride of Canada's achievement in this war until he has a personal financial stake in Canada's war effort.

## Hints for the Household

Conducted By Betty Barclay

**Magic Pies Are Easy to Make.**  
Ask a man what he'll have for dessert and he'll probably say "pie for mine!"

It's no chore to supply repeated demands for the luscious cream pies the male contingent love, if you make your fillings with sweetened condensed milk. You can make these magic fillings without cooking in just a few minutes and you'll always be sure of a masterpiece because these recipes are literally failure-proof.

You can vary the flavor of these creamy pies by using varied fruits as they come into season.

### Magic Pineapple Meringue Pie

1 can sweet condensed milk  
1/2 cup lemon juice  
Grated rind 1 lemon, or  
1/4 teaspoon lemon extract  
1 cup crushed pineapple, drained  
2 eggs, separated  
2 tablespoons sugar

**Vanilla wafer pie crust.**  
Blend together sweetened condensed milk, grated lemon rind or lemon extract, crushed pineapple and egg yolks. Pour into pie-plate (9-in.) lined with pie crust. Cover with meringue made by beating egg whites until stiff and adding sugar. Bake in moderate oven (350° F.) 10 minutes or until brown. Chill before serving.

### Three Fruit Cream Pie.

1 can sweet condensed milk  
1/2 cup lemon juice  
Grated rind 1 lemon, or  
1/4 teaspoon lemon extract  
1 1/2 cups sliced orange sections  
2 bananas cut finely  
1 cup whipping cream  
2 baked pie-shells (9-in.)

Blend condensed milk, lemon juice and lemon rind or extract. Stir until mixture thickens. Cut orange sections and bananas into small pieces, add to mixture. Pour 1/3 of mixture into one pie-shell; place other pie-shell over this and add remainder of filling. Cover with whipped cream. Chill before serving.

### Out West Fruit Pie

On a bed of salad greens alternate:  
2 cups orange sections  
1 cup unpeeled apple slices.

Around them group  
1 cup raisins  
1 cup dates  
1 cup prunes.

The prunes and dates may be stuffed with nuts or cheese. Arrange on large plate for buffet or on individual plates. Serve with preferred dressing. Serves 6.

### Lemon Maple Dumplings

Sauce-Cook in a saucepan until

lemon slices look transparent, or for about 20 minutes:

2 unpeeled thinly sliced lemons  
1 teaspoon butter  
2 cups maple syrup

Into gently boiling mixture drop spoonfuls of dumpling batter. Cover tightly and cook over low flame for 20 mins. without removing cover. A glass top-of-stove saucepan makes it possible to watch dumplings as they cook.

**Batter:** Measure and sift together:

1 cup sifted flour  
1/4 teaspoon salt  
2 teaspoons baking powder  
3 tablespoons sugar

Cut in:

1 tablespoon butter

Add, mixing thoroughly:

1 egg, well beaten  
1/3 cup milk  
1/4 teaspoon vanilla

A delicious surprise dessert. Serves 6

### Old-Fashioned Boiled Dinner

6 lbs. corned beef brisket

1 cabbage

3 white turnips

4 carrots

6 potatoes

6 beets

Put the meat into a pot over a

brisk fire with enough cold water to

cover it. Bring it rapidly just to the

boiling point, then remove the scum,

reduce the heat and simmer until tender

(three to four hours). About 1/4

of an hour before it is to be served,

skim the liquid free from fat. Put a

portion of the liquid into another

kettle with the cabbage which has

been cleaned and cut into sections,

the turnips, carrots, potatoes and

beets prepared and cut into uniform

pieces, and boil until tender.

### Lemon Butter for Meats

2 tablespoons lemon juice

2 tablespoons butter

1/4 teaspoon salt

1/4 teaspoon paprika

1 tablespoon parsley

finely chopped

Blend well. Spread on hot steak, or

chops. An additional garnish of lemon

quarters provides more tartness if

desired. Serves 4.

### Meat Pies with Rice

Four cups cooked rice, 1 onion, 2

cups tomatoes, 1/2 teaspoon salt, 1/2

teaspoon pepper, 1 tablespoon fat, 1

pound raw meat or left-over meat cut

up small.

Melt the fat, add the sliced onion

and if raw meat is used add and stir

until the red color disappears. Add

the tomatoes and seasoning after the

onion is browned, and heat through.

Grease a baking dish, put in a layer

of rice, add the meat and gravy and

cover with the rice dotted with fat.

Bake for half-hour.

### Mexican Cafe

6 cups double strength decaf-

feinated coffee

5-in. stick cinnamon

20 whole cloves

To the hot, freshly-made coffee add

cloves and cinnamon. Keep just under

the boiling point for five minutes.

Strain. Pour over cracked ice and

serve with sugar and cream. The

ice cubes are doubly effective of fresh

ly made decaffeinated coffee frozen in

### RADIO AIDS HEALTH IN FAR NORTH

MONTREAL—Radio plays an important part in bringing health services

to Eskimos, Indians and others in re-

mo-ute sections of the eastern arctic

according to Dr. John McCombe, chief

medical officer, C.N.R. From practi-

cally every arctic post within radio

call messages are relayed to Pangni-

tung, medical centre for Baffin Is-

land, Hudson Strait, a part of North-

west Quebec where there is a well-

equipped hospital, operated by the

Anglican mission with government as-

sistance. A similar institution is op-

erated by the Roman Catholic mis-

sion at Chesterfield, which serves the

### GENERAL MOTORS WILL MAKE ENGINES FOR BOMBERS

Mr. C. E. Wilson, president of Gen-

eral Motors Corporation, recently an-

nounced completion of arrangements

for extensive additional participation

of the Corporation in the aviation de-

fence program, calling for prepara-

tion to produce parts and sub-assem-

blies for 300 twin-engine bombers

monthly and for increasing airplane

engine production by 500 engines

monthly to a total of 1,500 a month.

This will involve an increase in the

Corporation's employment, as the

program reaches a peak, to 40,000

men in aviation alone. The Corpora-

tion is pushing this program ahead

aggressively pending the work out

of final contractual arrangements.

With the urgent need for bombers,

it was announced that the Corpora-

tion for the manufacture of parts and

tion for the manufacture of parts and

sub-assemblies for twin-engine B25

medium bombers which will be fi-

nally produced by North American

Aviation, Inc. In connection with

this program, North American Avia-

tion, Inc. has announced that it will

begin immediately erection of a plant

at Kansas City, Mo. It is expected

that parts and assemblies will be in production in General Motors so that final assemblies can start by late summer.

The Buick Motor Division of General Motors will erect an airplane engine plant with a capacity of 500 engines a month. The engines will be the Pratt and Whitney radial, air-cooled type.

When negotiations now in progress are completed the total Buick contract for engines, spare parts, plant machine tools and all equipment will amount to approximately \$125,000,000. This includes \$24,513,150 already allotted by the Defense Plant Corporation for a plant and a \$36,497,520 contract for engines and parts awarded by the War Department.

This project alone, when it gets into full operation, will employ 10,000 men at the new plant. The time when production will start in this plant will depend upon the date of delivery of special machine tool equipment.

The building of Pratt and Whitney engines and the manufacture of bomber parts and sub-assemblies will be in addition to the aviation work now being rapidly pushed at the Allison Division in Indianapolis where another addition to the plant is being completed.

The Allison Division, which is now producing at the rate of 350 engines a month, is expected to step up production to 1,000 a month by late fall. At that time it is expected that this division will be employing 15,000 men at Indianapolis, at the Cadillac plant in Detroit, and at Anderson, Ind., where an aluminum foundry has just been completed.

Manufacturers of parts and sub-assemblies for the bombers will be handled by the Fisher Body Division of General Motors, with the work allotted to various Fisher Body plants and to other plants within the Corporation. Studies of the manufacture of airplane parts have been conducted by the Corporation for some time. In this connection, groups of supervisory employees and technicians have been sent to the North American Aviation plant in California for first-hand study of airplane manufacture, and satisfactory cooperative arrangements have been worked out.

Much of the work on bomber parts and sub-assemblies will be done in Cleveland and in the Detroit area, as well as in other plant cities where General Motors is now operating. Mr. E. F. Fisher, vice-president of General Motors and general manager of the Fisher Body division, will have general charge of bomber parts production, and will be assisted by Mr. A. J. Fisher in this work. It is expected that 15,000 men will be employed in this work.

## Wainwright Municipal Hospital Report of Auditor

The Hospital Board,  
Wainwright Municipal Hospital District No. 17,  
Wainwright, Alberta.

Gentlemen:

Re. Audit for the Year 1940

We have audited the books of the Wainwright Municipal Hospital District No. 17 for the year ended December 31, 1940. We herewith submit:

Balance Sheet as at December 31, 1940.  
Revenue Account for the year 1940.  
Cash Statement for the year 1940.  
Schedules thereto.

All receipts for the year were receipted for by the matron who turned the funds over to the secretary weekly. The secretary deposited the funds weekly in the bank, as received. We tested the duplicate deposit slips to the items in the cash book. At times patients' accounts are paid by cheque differing from the amount of the account, change being given by the matron at time of settlement. Employees' cheques are also cashed out of the hospital cash, the said cheques being included in the amount of the deposit.

All disbursements are by cheque authorized for payment in the minutes of the directors. The amount of the bank balance and loan outstanding at December 31, 1940, were confirmed by direct confirmation from the bank.

The secretary's salary and commission on collections are on the same basis as last year.

All requisitions were paid in full, including the balance from last year. No district is in arrears of requisition payments to December 31, 1940.

Two board members were paid more than 10 per cent of requisition from their respective districts.

During the year considerable new equipment was purchased. The items are shown in a schedule herewith. These items have been added to the equipment account. Through the sale of used equipment \$37.50 was received, which has been credited to the equipment account. Also, a stove and pump were purchased to replace stove and pump already in use. The amount of these purchases has been charged to reserve for depreciation on furniture and fixtures and equipment.

The accounts receivable were reviewed by the board and \$767.51 ordered to be written off as uncollectable. A list of the remaining accounts outstanding at December 31, 1940, was taken off. The difference with the controlling account of \$742.77 was taken off reserve for bad debts leaving a reserve of \$4,287.33. The board's list of doubtful accounts amounts to \$3,580.00. So, that reserve appears ample for doubtful accounts. Care should be taken to see that the list of ledger accounts is always in agreement with the controlling account.

Considerable maintenance work was done this year. A portion of this work was occasioned by installing new equipment and might have been chargeable against the equipment.

Hospital days are higher this year than in the previous year. The cost per patient was slightly higher than last year.

The accounts receivable and inventories of supplies are at a higher figure than last year. The bank loan of \$2,500.00 was obtained when outstanding at the end of the year. Collections should be followed up as much as possible. Deposits at the time of entrance to the hospital are being obtained from several patients. In cases where notes are not obtainable at the time of release from hospital it might be possible to have the account acknowledged by the patient's signature to avoid the possibility of a dispute later.

We sent auditors' verification notices to ten per cent of the outstanding accounts as at December 31, 1940.

There is no safe for cash or records. Accommodation for the book-keeper is too cramped for the size of the records kept.

The records submitted by the matron and the secretary were well kept.

Subject to the above we hereby certify that the Balance Sheet, herewith, and accompanying accounts are properly drawn up so as to show a correct view of the affairs of the Wainwright Municipal Hospital District as at December 31, 1940, and for the year 1940 according to the best of our information and the explanations given to us, and as shown by the books of the hospital.

Respectfully submitted,  
McCANNELL, EROS, & CO.  
Chartered Accountants.

Dr. C. H. Goulden, Senior Agricultural Scientist for the Dominion Trust Research Laboratory, and an acknowledged International authority on Plant Breeding, has kindly consented in this column this week to explain about the new Registered strains of rust-resistant varieties. This is what Dr. Goulden says:

"It is important for farmers to distinguish clearly between Certified and Registered stocks. When a new variety is distributed it may be Certified under the Plant Products Division of the Dominion Government, which establishes the correct identity of the variety, but such varieties may not be Registered until they have become well-established.

When varieties are Registered they have been approved by the Canadian Seed Growers' Association, and Foundation stocks have been produced by Plant Breeders and distributed to Seed Growers. As a general rule Foundation stocks of new varieties are produced by a process of selection and testing covering a period of about three years, after which time they are increased for distribution to Seed Growers, and are then multiplied by Seed Growers and distributed to farmers as Registered seed.

The two varieties, Remona and Regent, are examples of varieties which have gone through this procedure, and in which definite improvement has resulted. There is an improvement in yield, earliness, straw strength, disease resistance and quality."

Following factors have tended to raise price:—Cold weather is threat-

using parts of U.S. winter wheat crop. A cold wave is spreading across European crop area. Japan's 1940 rice crop is estimated at 12 per cent less than in 1939. Damage to crops by floods is reported from the Balkan countries: Finland, Spain and Portugal are negotiating for hard wheat and other foodstuffs. Following factors have tended to lower price: Wheat cutting in the Argentine is making good progress; Elze Government is planning a greatly increased domestic acreage to wheat; Corn prospects in the Argentine continue very satisfactory; Russia is offering grain to any country in a position to buy it.

The Dominion oil controller may block the Alberta government's plan to force oil companies in this province to install special equipment to make possible the sale of dyed gasoline to Alberta farmers.

According to a dispatch from Ottawa, the Board of Transport Commissioners has ruled that Canadian oil companies installing new or additional equipment must first obtain a permit from the Dominion oil controller.

## NEW INCOME TAX PROVISIONS PUBLISHED.

For the first time in Canadian history, income tax payers will be given the opportunity of meeting their payments on the installment plan, without interest, according to an announcement by the Income Tax Division of the Department of National Revenue.

This is an important step, because income taxes now affect a greater number of people than ever before. Nearly one million Canadians must pay income taxes this year, and this new plan has been devised to assist not only the new taxpayers but also those who have been paying the tax for some time, and whose taxes have been materially increased. It will also assist the taxpayer to continue purchasing war savings certificates and war bonds.

The plan is quite simple. The first thing to do is to find out if you are one who pays the tax. If you are single and without dependents and your income in 1940 was over \$750.00 you pay income tax. If you are married without other dependents than your wife and your income in 1940 was over \$1,500.00 you pay general income tax. If you are a married person and have children, you are allowed an exemption of \$400.00 for each dependent in addition to the \$1,500.00. It must be remembered that payment of National Defence Tax does not provide an exemption from your income tax.

To make payment of income tax as small a burden as possible, the government has arranged an installment plan spreading over an eight-month period. To take advantage of this new plan the first instalment must be paid on or before January 31st. One-third of the estimated tax may be paid in four monthly instalments, with the remaining two-thirds of the tax.

## TAXPAYERS GET THEIR INCOMES NEXT FRIDAY!

The privilege as well as the duty of every citizen of our town is to be on hand at the annual town meeting set for Friday evening next at the Town Hall at EIGHT P.M.

The study of the town's business both socially and financially should prove an interesting matter to those who are called upon to "foot the bill"; for, although matters over which the Town Council presided during the past year have all passed along very smoothly, the bank balance which remains to the credit of the town has only been accomplished by the most judicious spending of the ratepayers' money — consistent with improvements and repairs as needed.

Far too often, Mr. Average Citizen is well content to sit back and "let the other fellow do it" and later decries himself fully dissatisfied when the outcome does not match his pre-studied views—although more often than not one is given any inkling as to just what those "views" may be or what end is being sought.

On Friday evening next, the annual report by the Mayor and the several Council members will not only prove both interesting and instructive, and it is possible that actions previously considered dubious may be explained and found to be fully justified. In any case, any matter to be threshed out can be much better dealt with at the annual town's meeting than on the street corner; where unfortunately, so many matters of moment are subjects of idle deliberation.

At the same meeting, too, those responsible for the Wainwright public schools, as well as the town's representative on the Municipal Hospital Board will all render an account of their stewardship during the year just ended.

The evening should certainly prove one of great profit for all concerned, and it is truly one which every ratepayer should make it his business to attend.

"EACH MUST ANSWER"  
An editorial in a recent issue of the Christian Science Monitor says: "More and more in recent months Americans have come to face their inescapable role in world affairs. Almost daily the war confronts them with events or words which clarify the issue. Among words, none have had more dramatic impact than the ones which closed the address of Lord Lothian, read for him at Baltimore on the night of his untimely passing. After a masterly exposition of the new hopes for British victory and for America escaping the ravages of war, so long as these fortresses (Britain, Gibraltar, Suez, Singapore, Panama and Hawaii) stand," he ended:

"I have done . . . it is for you to decide whether you share our hopes, and what support you will give up in realizing them . . . The issue now depends largely on what you decide to do . . . It is the great strength of democracy that it brings responsibility down squarely to every citizen and every nation. And before the judgment seat of God each must answer for his own actions."

In view of the circumstances, commentators are now calling the words prophetic. Certainly they are, in the sense that each American must answer whether he wishes to risk the fall of those fortresses by withdrawal of utmost aid to Britain. Despite frustration of the Nazi attempt to take Britain, despite recent victories in Greece and Egypt, the risk is great. It may become greater as the Nazi attempt to break British sea control develops in the Spring. "Any nation that never had a graver duty than to decide where they wish to defend their national interests and ideals."

## DIAL REVIEW

by Walter Davies

"Here they are!" We is delecting de rumor of last week . . . excuse me, but that's what happens when you start listening to Amos 'n Andy. But all joking aside, all of us here at CJCA are proud to have been selected as Northern Alberta's outlet for this famous comedy team . . . and I'm just as sure that all of you folks will be cheering with us. Amos 'n Andy; their irrepressible secretary, Miss Blue; their announcer, Bill Hay; and Gaylord Carter, organist for the program will be heard Mondays through Fridays at 9:15 p.m. During the next few weeks I intend to let you have some brief notes from the biographies of these characters who appear with "Amos 'n Andy."

The popular "On Parade" program is still giving music away in Northern Alberta and at the same time increasing its popularity. The latest winner is Annie Wasylyuk of Egmont, who was drawn as Provincial Tune Detector on last week's program. Listen to "On Parade" every Thursday at 6:30 p.m., and find out how you too, can be a winner.

Billy Mills, whose orchestra is heard on the Fibber McGee program, says his favorite recreation is work. When he isn't ironing out details of the next program for Fibber McGee and Molly, the rotund conductor is hammering out original tunes at home. Billy has a dozen unpublished numbers on his shelves awaiting the right time to publish them.

On Sunday, January 19th, CJCA joined a network of stations across the North American continent to carry a two-way conversation between visiting English kiddies and their parents in England. An outstanding feature of CJCA's part in this broadcast was that Margaret Oldham, her two sisters and brothers are the largest family visiting in Canada. This broadcast is the kind that brings a lump to the throat of the listener and strengthens our determination to see this struggle through to victory, so that, in the future, there will be no reason for breaking up families in this way.

Pictures of the broadcast were taken both in the NBC studios in England and the CBC studios in New York, so watch for them to appear in your local movie theatre.

That new voice you've been hearing from CJCA on the early morning programs is that of Bill Bracken, late of CJCL, Calgary. Bill has been a commercial traveller, but right along has been studying radio and watching for his chance to break into the business—his chance came about a year ago, and, after listening to Bill on some of his shows, I'd say that his studying hadn't been in vain and that he has "clicked" in radio. Bill confesses that next to sleeping, his favorite pastime is shooting—but your columnist has noticed that Bill seems to like everything here at CJCA—including our switchboard operator!

After glancing at some of the trade papers we notice that television sets are being offered at about \$200—that's a lot of money, but it promises well for the future. With television coming in we can look forward to a lot of pleasure in the future. Imagine sitting up and the goods with Foster Hewitt watching a Saturday night's fast and furious game in Maple Leaf Gardens—think how the interest in these games would grow. When, though, you and I will be sure that we don't miss any of these games—and if we do, it won't be the fault of Foster Hewitt, he's right in there as a sports announcer.

That new voice you've been hearing from CJCA on the early morning programs is that of Bill Bracken, late of CJCL, Calgary. Bill has been a commercial traveller, but right along has been studying radio and watching for his chance to break into the business—his chance came about a year ago, and, after listening to Bill on some of his shows, I'd say that his studying hadn't been in vain and that he has "clicked" in radio. Bill confesses that next to sleeping, his favorite pastime is shooting—but your columnist has noticed that Bill seems to like everything here at CJCA—including our switchboard operator!

After glancing at some of the trade papers we notice that television sets are being offered at about \$200—that's a lot of money, but it promises well for the future. ## JUDICIAL SALE OF FARM PROPERTY BY TENDER

Pursuant to the order for sale and directions of The Honourable Mr. Justice Tweedie, sealed tenders will be received for the purchase of 5 1/2, 7, 44-3-W, 4th Meridian, in the Province of Alberta, containing 320 acres more or less, including all coal, also excepting the 1940 crop.

The above property is 3 miles from Greenhead, 2 1/2 miles from the nearest school. The soil is 8 inch clay loam. 705 acres have been cultivated and 65 acres more could be broken. There is a well on the land which gives a fair water supply and there are two miles of fencing. There are the following buildings: 4 rooms, 2 story house, 20' x 22'; 1 machine shed 20' x 22'; 1 shed barn 24' x 16'; 1 garage, 12' x 16'; 5 granaries, 10' x 12'; and 1 chicken coop, 20' x 16' in a fair state of repair.

The property will be offered for sale at an upset price of \$4,500.00. Tenders must be enclosed in a sealed envelope marked "Tenders to Bankers Ltd. No. 29998" addressed to R. P. Wallace, Clerk of the Supreme Court, Court House, Edmonton, Alberta, and must be in the hands of the said R. P. Wallace not later than 12 o'clock noon on the 15th day of February, A.D. 1941.

Tenders of \$100.00 each shall be enclosed in a sealed envelope marked "Tenders to Bankers Ltd. No. 29998" addressed to R. P. Wallace, Clerk of the Supreme Court, Court House, Edmonton, Alberta, and must be in the hands of the said R. P. Wallace not later than 12 o'clock noon on the 15th day of February, A.D. 1941.

The deposit of 10 per cent shall be forfeited by the successful tenderer if he refuses to carry out the purchase after acceptance of his tender. Chances of unsuccessful tenders shall be returned to them immediately after the sale.

The highest or any tender not necessarily accepted. In all other respects the terms and conditions of sale will be the standing conditions of sale of the Supreme Court of Alberta, so far as the same are applicable.

For further particulars apply to J. R. Dwyer, Auctioneer, 316 Empire Block, Edmonton, Alberta. Dated at Edmonton, Alberta, this 16th day of January, A.D. 1941.

## AMONG THE OLD-TIMERS

REMINISCENCES OF OTHER DAYS

## FIFTEEN YEARS AGO.

Dr. H. C. Wallace left last week to spend several weeks in attendance at some special clinics in Chicago.

Another old-timer of this district passed away in the person of Mrs. M. Rubenok, at the age of 65 years.

Mr. Rufe Carl, who has been making his annual trip to California has now returned to his farm at Greenshields.

After a long holiday with her parents at Portage la Prairie, Mrs. Doug Brown returned home on Sunday.

Mr. Hiram Dowling has left to enjoy a holiday with relatives in Ontario for the rest of the winter.

Mr. and Mrs. Bob Moffatt are now en route to Vancouver to spend the balance of the winter with friends at the coast.

## TEN YEARS AGO.

Mr. N. F. Priestley a former pastor of Grace Methodist church has been elected to the office of vice-president of the U.F.A.

Rev. W. Huston officiated at the ceremony last week whereby Miss G. Lytle and Mr. L. P. Johns, both of Irma, became man and wife.

Mr. and Mrs. Norman Fenby were given a celebration on the occasion of their silver wedding anniversary last week in town.

## last week in town.

After a pleasant holiday with relatives and friends in the east for a couple of months, Mr. and Mrs. C. Morissette have returned to their home at Greenshields.

We learn that Mrs. P. Springer will be leaving at the end of the week to make her home with her daughters in California.

In trying to avoid a collision with a team and wagon on the Heath road last week, Mr. John Zefko overturned his truck, with the result that the cab of the machine was badly smashed. The driver got off with only a few bruises.

\*\*\*You and your family may be driving along in happy anticipation of a visit to friends or relatives, or a business trip to the city, when suddenly—CRASH! and you are involved in a severe car accident with its possible tragedies and suffering. Are you to blame? Or the other fellow? This often entails an expensive lawsuit! Cars must be repaired; doctors and hospital bills paid; and if judgement is given against you it may make you a ruined man! The car insurance companies pay all claims, furnish lawyers to protect your interests, and you avoid financial loss if you pay an annual premium amounting to about double the cost of your license plates! Every truly careful man carries this insurance. Joe Welch specializes in car insurance; why take these risks?

## GILT EDGE

Mrs. T. Goddard visited in Wainwright for a few days with her mother, Mrs. F. Seabrook.

Mr. and Mrs. E. Demarcourt spent the week end in Hope Valley, visiting friends and relatives there.

The Junior Red Cross are sponsoring a Card Party, P.M. Social and Dance at Plaxtonville School on February 7th. Bring a pie or enjoy the consequences.

A number of farmers in this district were sure patting themselves on the back for getting some wood saved before the cold snap.

## GREENSHIELDS

Another one of our young men, Mr. Martin Daniels, has joined the R.C.A.F. and left for Toronto Wednesday last, where he will take up his duties as aircraft mechanic.

A shower and dance was held in honor of Mrs. Donald Davidson last Wednesday night, before her departure to Camrose where she will take up residence.

Before the week end, Mr. Lou Carl leaves for Toronto, having joined the R.C.A.F.

Despite the cold weather, quite a number enjoyed the wedding dance, Friday night, given by Mr. and Mrs. Ed Murray. Neighbors and friends join in wishing this young couple much happiness.

Raymond Lapierre who has been on the sick list, was able to return to his school work at Camrose on Monday.

We are glad to hear that Mr. J. Tibbory is able to be out again after being on the sick list.

It should be noted by all users of natural gas that it is dangerous to allow chimneys and vents to become clogged with the hear frost which is so prevalent just now. Make sure the openings are clear, and save a possible dangerous situation.

Canada's production of creamery butter in 1939 totalled 567,513,569 pounds, an increase of 265,376 pounds over the preceding year, according to the Agricultural Department of the Canadian National Railways.

During the summer, station staffs along the lines of the Canadian National Railways vie with one another in providing beautiful displays of flowers and ornamentalations.

November's small losses showed a small decrease from 94,164 to 90,375 pounds due largely to the shorter month.

THAN IT HAS BEEN IN 1940

...it is going to demand more effort,  
more sacrifice and far more change  
in our daily lives..."

RT. HON. W. L. MACKENZIE KING  
(NEW YEAR'S EVE, 1940)

ALREADY the pattern and pace of life in Canada have undergone a profound change. Gaps in employment are rapidly filling up. Some 350,000 Canadians who were unemployed before the outbreak of war are now employed. Another 200,000 are with our armed forces. Factories, which until recently were turning out goods for civilian consumption, have been transformed into humming arsenals, pouring out instruments of war. Night and day shifts have become the rule rather than the exception. But the peak of effort is not yet in sight.

In 1941 still more factories will switch to war production... new plants will be established, thousands more will be employed. This rising tide of activity must continue until we reach the flood of effort when every Canadian will be employed and working to his utmost, every possible square inch of plant will be utilized, every wheel will be whirling in the race we are waging against time and the enemy.

More men are working... working longer hours... making more munitions... earning more money... producing more goods... putting more money into circulation. Most Canadians are sharing in this increased national wealth—have extra dollars in their pockets.

The effort the Prime Minister calls for is gaining momentum, but many Canadians, as individuals, have not yet felt the real pinch of sacrifice.

Canadians of all classes are sharing tax burdens, but it must be admitted that up to date the larger part of the money needed for Canada's war effort has come from business firms and individuals with large incomes. They are paying high taxes. They have already invested heavily in War Loan Bonds.

This is not enough. The plain truth is that Canada's rapidly expanding production for war purposes will require increasing sums of money. That is why the Prime Minister warned Canadians in his New Year's broadcast that the year ahead demands more effort and more sacrifice.

Every man, woman and child is asked to lend. Every dollar you lend will help to put another man in a job... making more munitions. Every dollar you lend may save a soldier's life... help to shorten the war. Small wage earners must carry their share of the burden, too.

No one need go without necessities, but you are urged to forego the purchase of unnecessary articles... however small the cost... no matter how well you are able to pay for them... which take labour and material away from the great task of providing goods needed to win the war.

This is your war. Everything you have... everything you believe in... is now at stake. This is a message to you... a challenge to every Canadian... a call to the colours... a call for volunteers.

Be sure to make provision to pay your Income Tax—payment is made easier by the new instalment plan. But be prepared to do more—budget your earnings to make sure that you will have money available to buy War Savings Certificates and to subscribe for War Loan Bonds. You will help Canada—you will help yourself.

# Mark and Valerie

## CHAPTER VII

"It'll be right along," she promised. "I won't take me a minute."

"Could you—if you wouldn't mind—wear the prettiest taffeta. Maybe it isn't nice enough, now that you have your own things," suggested Valerie.

"It's much nicer than anything of mine," Lucy told her truthfully. "You see, I didn't need much in the Ark. Mostly just breeches and boots. I love your dress, and I'll adore wearing it."

"You're—terribly sweet!" Valerie breathed to her through the crack in the door.

Lucy dashed under a shower, ran a comb through her hair, fell into a brief silk undergarment or two, and slipped Valerie's dress over her head.

Valerie clapped Lucy's hand in panic.

She put on a bit of make-up before her dressing-table mirror, and went out. She found Valerie waiting patiently in the hall outside, and they ran down the stairs together.

Mark was reading in the library. He jumped up as they came in, and his face lighted.

Lucy was taking stock, too. It took a big man, she thought, to create magnificence, and then live so simply in the midst of it. It had come to him through three generations.

door, and the novelty had been gone a long time.

"Lucy always remembered that first dinner at Wild Acres; the informal familiarity with which it moved; the perfection of its service. As they sat there over their coffee in the library afterward, she began to wonder almost feverishly if she had stumbled on a sort of domestic fourth dimension, where disorder was taken.

She was laughing over some nonsense of Mark's when the curtain's parted and Elise came in. She moved in her fluttering skirts with a curious swinging motion. Lucy thought at once of something floating in on the tide.

"Darling!" cried Elise. But her look was for Mark. Her voice was rich with emotion. "I just ran in on

on Elise and Valerie. "She isn't crowding me at all, thanks. The same is true," she said.

"I'm so wretched at names," said Elise, plaintively. "I shall probably call you all sorts of queer things. It may take me months to get you straight. I expect you'll be there or long before that and have flown away."

Valerie clasped Lucy's hand in sudden panic. Lucy's gaze was for ever!

"Oh!" said Elise. Mark looked across at Lucy, sitting with Valerie beside her. There was a suggestion of tension in the way they both looked back at him. As if in some mysterious way they sought his feeble protection. He felt a sudden rush of tenderness for this so young and so delicate-looking girl.

"Our contact with Miss Tredegar came through old friends of her father," he explained. "Judge Brown, of Allington, and others."

He suggested, somehow, that she could take the information or leave it.

Elise at once became all feminine. "Oh, but how marvellous! I mean to have a real background. It looks like wonderful luck for you all. I suppose you've done a lot of teaching Miss Tredegar?"

She clasped her hands delightedly. "Oh, how clever of me! I really got it that time—or did I?"

"You did, said Mark. He didn't wait for Lucy to answer. As well establish her at once and for all, telling her to Elise would be telling it to the world. Their world at least. "You see Miss Tredegar only graduated from college herself last spring, so her teaching experience hasn't been exactly vast. But she's won medals and taken degrees and done all the higher stunts you'd expect from a spinster of forty, instead of—what you see."

He sounded as if he could not put into words what he thought of Lucy. Of her brains or beauty or charm.

"That how terrifying," cried Elise, pathetically, "what will she think of the rest of us when she finds out—but maybe she never will!"

Having found out all she could, which was practically nothing but the bare fact of Lucy's presence at Wild Acres, Elise got slowly out of her chair.

"Selfish me," she said reproachfully, "when you're all probably tired out. Mark, darling, will you ring for Chiltern and ask about my car. I told Harmon not to be later than eleven, and here it is almost twelve. How does one get decent servants? But what can you expect? Nobody pays the least attention to a woman alone. Nobody cares."

She looked appealingly at Mark, as if she expected him to contradict her; but he only rang, and gave her message to Chiltern.

After a minute he followed the butler into the hall. He would order his own car. He stepped out on to the terrace breathing deeply. At a time of the year the place was like a huge boiler.

Any sign of Mrs. Waterford's chauffeur? he asked Chiltern at his elbow.

"No, sir. Nor much chance of it. If I may say so, Mrs. Waterford told Harmon not to come back, sir. I happened to overhear her. It probably slipped her mind."

"Probably," said Mark. They looked at each other for a brief second. There was a curious illusion of a smile on both of their faces, although neither had moved a muscle.

"Thanks," said Mark, just ask Catlet to take out the town car and run Mrs. Waterford home will you?"

"The car is out by the parking circle now, sir," said Chiltern. "I have already taken the liberty of speaking to Catlet."

This time Mark really smiled. He wanted to laugh, but compromised on the smile. Chiltern sometimes gave him the impression of a perfectly butler's valet, of a man who was too serious to be anything but a butler.

He thought now that he had caught a faint answering flicker on Chiltern's lips. But it was gone before he could be sure.

"Thanks," he said again. "Sorry—no sign of Harmon, Elise," he said, standing just inside the library door. "Catlet will run your home. Chiltern has just ordered the car. It was nice of you to look us up so soon."

She glanced at him quickly and started to speak, but thought better of it and laid a strikingly manicured hand on his arm. "Thanks, darling," she said. "You think of everything!"

Elise called Valerie late in the afternoon, asking her to lunch the next day. She said nothing about Lucy. Valerie happened to be in her own room when the call came. She had a curious illusion of walls closing in as she tried to think frantically of

some reason why she couldn't go, and again it was Mark who saved the day. "I couldn't possibly without asking my father," she was almost faint with relief.

Elise became reproachful. Valerie could practically see the drooping line of her lips. "Darling, how ridiculous with me!" she asked. "Remember Valerie found the courage to say she was afraid so. Elise said she must ask him that very night, and telephone her at once. Valerie promised. She put the telephone away and sat staring at it."

Lucy came in and found her a few minutes later. "If wonder if you'd like a couple of sets of towels, or a new set of bath towels?" she suggested. "I'm not going to make a bathroom of you, you know."

"You do, indeed," said Valerie, obediently.

"Oh, I don't know, you see, what I should do, you know, Elise!" Valerie said and looked at Lucy and said nothing, not knowing what to say. There was nothing uncomfortable about it, as she often was when you were supposed to talk and didn't. Lucy got up and looked out of the window.

And then, suddenly, Valerie spoke almost before she knew it. "It was the telephone—Mrs. Waterford. You know—Elise. Do you sometimes find things quite puzzling?"

Lucy brought her thoughts back from the broad level beyond the windows. "Often," she said, "but puzzles aren't so bad. You can make a kind of game of them, if you just take them as they come. It's really not so much the puzzle as what you do with it."

"Oh—I see," said Valerie. It was a new angle and suggested possibilities.

Lucy watched her, and wondered if she would say anything more.

A HEALTH SERVICE OF THE CANADIAN MEDICAL ASSOCIATION AND LIFE INSURANCE COMPANIES IN CANADA.

**BLOOD DONORS WANTED**

It was the late Dr. Bruce Robertson of Toronto, working in a casualty clearing station in France during the last war, who developed the use of blood transfusion for the relief of shock and loss of blood, which since that time has saved countless thousands.

Until quite recently the blood used was required to be from persons of the same blood type as that of the recipient, that is, if the latter's blood was Type A, the blood of the donor must also be of Type A.

Now, thanks to researches made in the Connaught Laboratories, Toronto, by the physiologist there, Dr. Charles Best, and his associates, a new and much simpler procedure has come into general use. This is the dried serum or plasma of the blood.

Dr. Best has been sending this dried blood plasma overseas for the last year. Plans are now underway for an extensive supply, and in order to facilitate the provision for this supply, blood is being called for from 2,000 donors.

Fluid blood, in what is known as blood banks, will keep only for about two weeks. The plasma—of light colored fluid which rises to the top of a collection of blood—is drawn off and dried to a powder. This powder contains all the requisites needed for transfusion. It keeps indefinitely and all that is necessary to make it ready for use is to add the proper amount of sterile water. The new product is convenient, readily transported and doctor using it may forget all he has learned about the former necessity of using blood only from a person with the same type of blood as the patient.

Three months ago the Connaught Laboratories obtained a vacuum machine for making the powdered blood. This machine—the first of its kind in America—cost \$5,000.00. By means of this machine the blood serum is rapidly separated from its contained water and dried in the frozen state. There will be no difficulty in obtaining the needed 2,000 donors. The students of the University themselves will be able to provide a large number of donors. It is responsible to emphasize the importance of this discovery to soldiers, sailors and others who suffer from the consequences of war.

**IODINE FOR LIVE STOCK**

A mineral substance about which the live stock raiser should be concerned is iodine. The crops and drinking water in many sections of Canada are lacking in this element and the shortage leads to the birth of young suffering from disturbances such as goitre in lambs and young calves, hairlessness in young pigs, as well as joint-ill or navel-ill in young foals. The remedy for these troubles involves the feeding of iodine in the form of potassium iodide to the pregnant female. During a long cold winter with deep snow, such as seems in prospect, the pregnant animals take little exercise and do not

get access to the soil. Exercise is always beneficial, and the soil seems to be a natural repository for the element. It is probably for these two reasons that hairless fall fawns are almost unknown, fall calves and foals are almost always strong and there is almost no trouble with late lambs. Another drawback to the dry season is that many animals are either eating snow or drinking snow water and while the water from many deep wells contains sufficient iodine for the requirements of live stock, snow water or at least the last three months of pregnancy to be sure of results. All pregnant mares and cows should be fed potassium iodide during the last five to six months of pregnancy. Commence feeding potassium iodide at the earliest possible date.

For Horses: Dissolve one ounce of potassium iodide in one gallon of water and mix in the feed or drinking water one tablespoon of this solution once a day for each brood sow; or mix two ounces of potassium iodide in 100 pounds of dry salt, feeding the salt at 1 pound in 100 pounds of grain.

For Ewes: Dissolve 1 ounce of potassium iodide in one gallon of water and mix in the feed or drinking water one tablespoon of this solution once a day for each brood sow; or mix two ounces of potassium iodide in 100 pounds of dry salt, feeding the salt at 1 pound in 100 pounds of grain.

For Pregnant Cows: Feed the potassium iodide in the salt in the same way as for the ewes, but it may be found that some cows take very little salt. In this case give the cow one ounce of a teaspoon of finely powdered potassium iodide once every two weeks in the feed.

For Pregnant Mares: Give each mare, once every two weeks, a half-teaspoonful of potassium iodide crystals, dissolved in their drinking water or mixed with oat chow.

Salt should always be supplied to stock in granular form rather than in blocks during winter as it is difficult for an animal to secure its requirements from a hard block.

Mr. Q. Carrell spent the week end  
 with his parents in town and returned  
 to the city on Monday morning.

The C.W.L. have already made a  
 start on their big annual card party  
 and dance which is to be held on the  
 night of St. Patrick's Day—March 17.

The annual meeting of the Alberta  
 division of the Canadian Red Cross  
 is to be held in Edmonton on Friday,  
 February 21st. Every member of the  
 association is entitled to attend.

\*\*\*While you are reading this, thousands  
 of dollars worth of property is  
 being destroyed by fire. Part of it  
 is insured, the balance is a  
 dead loss! Be sure you have full  
 property protection so that the loss  
 will not all be yours if it burns.  
 Joe Welch will insure your property  
 so that no difficulty will arise should  
 you have a fire loss.

Mr. Chas. Wear is a patient at the  
 hospital recovering from a slight  
 operation which will place him in the  
 physically-fit class to join up for war  
 service.

The local Red Cross ladies are holding  
 a cooking sale and tea at the  
 L.O.O.F. hall today (Wed.). A novelty  
 will be that a number of prominent  
 townsmen will pour tea.

Mr. Jack Murray rushed his son  
 to a city specialist last week for  
 medical attention.

We understand that Joe Carroll has  
 now secured a position as assistant  
 airplane mechanic at Edmonton.

\*\*\*Protect your income by sickness  
 and accident insurance. See Joe  
 Welch for rates and information.

After a month's residence at Camrose,  
 Mr. Ken Tory returned to his home  
 here last week end.

Very acceptable awards should  
 prove to be those eight splendid  
 blankets which the Wainwright Gas  
 Co. has donated to the bonspiel prize  
 list. Four of these are for the ladies' club.

Much merriment will be the result  
 of the "gathering of the clans" this  
 week for the annual bonspiel at the  
 local rink. Play got off to a good  
 start on Monday evening, when risks  
 from Viking were in the first draws.

Last week end's temperature at  
 around forty below—and with quite  
 a brisk wind—left several frozen ears  
 and noses. And yet it seems almost  
 insignificant when one hears via the  
 radio that in Africa thousands are  
 dying from the effects of heat and  
 thirst!

Mr. Harry Jackson of Greenshields  
 is still a patient at the local hospital.

Mrs. A. J. Boomer is away on a  
 short visit to her mother in the city.

We learn that Mr. Walter Gurn  
 has now accepted a position in a garage  
 at Vermilion.

A truly large number had a splendid  
 time at the home of Mr. and  
 Mrs. Jack Lewis on Monday, when  
 the surprise party was arranged to  
 commemorate their silver wedding  
 anniversary.

The crowd at the Sunday sing-song  
 at the theatre on Sunday last was  
 somewhat smaller than usual, owing  
 possibly to the extreme cold weather.

The gathering was enjoyable, however,  
 and Mr. J. Watson rendered a  
 couple of fine tenor solos. The winner  
 of the "neighborly quiz" turned  
 out to be Mr. Cliff Reynolds, who  
 tied for first place with Miss Jean  
 Taylor.

We are informed that Mr. D. O.  
 Brown, who many will remember as  
 a former resident here, passed away  
 at the week end in Calgary.

Frosty winds, slippery roads  
 from broken brakes, all make winter the  
 most dangerous time to drive a car,  
 and the time when car insurance is  
 most truly necessary. See Joe Welch  
 BEFORE the accident which you  
 MAY have—it will pay you.

Mr. Benny Hodgins left on Saturday  
 last to be in attendance at a  
 conference of the Grievance committee  
 men of the C.N.R., at Winnipeg.

Principal M. Meade, who is secretary  
 for the hospital, spent a busy  
 time on Saturday with his window  
 dressing job, whereby the prizes and  
 awards are being shown to all and  
 sundry in the Armstrong window.

We are sorry to learn that Miss  
 Beattie Bowerman, is still suffering  
 from an attack of the flu, although  
 she expects to be able to leave her  
 bed in a few days now.

Information has reached us that  
 Mr. Wright has not yet given up the  
 Rawleigh agency in town, despite rumors  
 to the contrary.

It is surely a remarkable recovery  
 which the Strachan baby has made,  
 for the infant is now home again, and  
 almost in the best of health following  
 special attention in the city for  
 pertussis. Mrs. Strachan journeyed  
 home from Edmonton with the baby  
 on Saturday.

\*\*\*When a fire starts on a farm, the  
 chances of controlling it are very remote.  
 The neighbors are not close; water  
 is sometimes hard to obtain in  
 quantity; and for that reason farm  
 fires on the average are a total loss.  
 Your best protection is a fire insurance  
 policy that will rebuild and  
 refurnish your home. Rates are  
 lower than ever before. Joe Welch  
 specializes in fire and automobile insurance.  
 Phone 53 or 97.

A fairly good crowd attended the  
 high school dance which was enjoyed  
 in the Masonic hall on Friday evening  
 last.

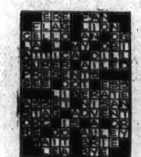

Several from town were out to  
 Greenshields on Friday night to take  
 in the wedding dance which was  
 arranged for Mr. and Mrs. Ed. Murray  
 following their marriage.

We are in receipt of a letter from  
 Mr. Arthur Bishop, (a former resident  
 of this district) who is now in  
 London, Eng. He enclosed his subscription  
 to the Star, and in doing so  
 writes that despite bombing and  
 shelling he just has to read The Star  
 to keep in touch with old associates.  
 That is the spirit which will keep the  
 Nazi's out of England!

It is pleasing to note that little  
 Wesley Mitchell, who has been very  
 sick for the past week, is now nicely  
 on the mend.

ALL members of the Board of  
 Trade should note that the next  
 monthly dinner is to be held (rain or  
 shine) on Wednesday, February 27th  
 at the hotel. The business requires  
 the attendance of all interested.

Patrons of the Theatre should note  
 that commencing next week, pictures  
 will be shown EVERY night.

**ANSWER TO PUZZLE****COMING EVENTS**

The ladies of the local branch of  
 the Red Cross will hold a novelty  
 tea and cooking sale on Wednesday,  
 January 30th, from 3 to 6 p.m. in  
 the Odd Fellows' hall, and everyone  
 is invited to attend this and enjoy  
 the afternoon.

A Valentine Day Frolic is being  
 arranged by members of the Wainwright  
 War Services League to be held in the  
 S.S. Auditorium on Friday,  
 February 14th. Everyone is invited  
 to attend and join in the fun which is  
 assured to all. Dancing from 9 till 1.

Another of their enjoyable-Whist  
 parties is being arranged by the members  
 of Adeline Rebekah Lodge; this is  
 to be held on February 19th in the  
 L.O.O.F. hall, and of course the usual  
 splendid supper will be served up,  
 too! All are invited.

A Valentine Day Tea is to be held  
 at the home of Mrs. (Rev. A.D.) Richardson  
 on the afternoon of February 15  
 from 3 to 5:30 p.m., when a hearty  
 invitation is extended to everyone to  
 assist the ladies of the United Church  
 W.A. in this effort. Home cooking  
 will also be on sale.
